

Outdoor power supply specifications 7 2 million

Overview

EcoFlow DELTA Pro Ultra is a residential power backup system designed for both extended outages and daily use; With an unrivaled capacity of 6kWh, 7200W output, and 5.6kW solar input, a single unit can run your entire home. Its rechargeable lithium-ion battery pack provides energy storage for solar self-consumption, load shifting, and backup. Outdoor mounting eliminates the need to schedule a service appointment with a subscriber to enter a residence or business location. Expandable Capacity : 4-48kWh, from 1 day to week of home power during outages. The 9PX UPS features ABM technology, which extends battery service life up to 50 percent, and offers flexibility in battery types with nine models offering lithium-ion batteries. Select 9PX UPS models are bundled.
