## Overview

---

We are seeking a conscientious, qualified parttime Field Technician who can install and service our devices across multiple regions. Collaborate with team members to plan and execute solarpanel installations. Job Types: Full-time, Part-time. Install solarpanels, racking systems, inverters, and related equipment on residential and commercial properties. Work. SEIA's member companies will need a pipeline of trained workers across the spectrum of roles from project managers to engineers, salespeople, manufacturing technicians, installers, electricians, system designers, operations managers, executives, and a variety of business professionals. According to the 2022 Solar Job Census, nearly 264,000 jobs in the United States were dedicated primarily to solar. As solar continues to expand, numerous.
