

Peru s new energy storage battery

Overview

Peru's Ministry of Energy and Mines has approved Luz del Sur's installation of a 5 MWh battery energy storage system at its 20 MW Majes solar plant in Arequipa, marking one of the country's first visible BESS-solar integrations. The system will use lithium iron phosphate batteries across two. Paris, 3 October 2023 - NHOA Energy, NHOA Group's (NHOA. PA, formerly Engie EPS) business unit dedicated to energy storage, is pleased to announce the successful commissioning of a 31MWh battery storage system for ENGIE Energía Perú, supplied on a turn-key basis and located in its ChilcaUno. NHOA Energy, a subsidiary of NHOA Group, has successfully commissioned a 31 megawatt-hour (MWh) battery energy storage system for Engie Energía Perú's ChilcaUno thermoelectric power plant in Chilca, Peru. This remarkable feat, supplied on a turnkey basis, was inaugurated in September 2023 and is set to play a pivotal role in the country's energy. The project represents an important milestone in the innovation and development of battery storage systems in the Peruvian electricity sector.

Peru s new energy storage battery

Peru energy storage and management

Energy storage and EV infrastructure solutions firm NHOA has commissioned a 31MWh battery energy storage system (BESS) in Peru for multinational utility and IPP Engie.
