

Photovoltaic solar panel brand JA Solar

Overview

is a leading manufacturer of high-efficiency photovoltaic solar panels, based in Shanghai, China with several global offices, including one in San Jose, California. They produce high-performance solar panels for residential, commercial, and utility-scale. JA SOLAR stands for durable, high-performance PV modules that generate first-class energy yields. As one of the first suppliers with industrial PV production capacity. Business owners can save on electricity costs and earn additional income by using the generated solar power for their own needs and selling the excess back to the grid. The overall capacity supplied by the company is 80 GW. In this article we'll take a look at one of the biggest Chinese brands - here's a JA Solar panels review for you.
