Overview

Roof Tech Inc brings you the most innovative, waterproof mounting systems ever developed for solar photovoltaic systems. Built on decades of Japanese innovation, every product we design is engineered to stand up to the harshest conditions - from heavy snow loads to torrential rains, hurricanes and even typhoons. Our industry-leading AlphaSeal®. S-5! offers a variety of engineered solutions for mounting solar PV and balance of system components on both standing seam and exposed-fastened metal roofing. Since 1996, Solar Electric Supply has supplied the finest solar panel mounts from reputable manufacturers. Whether a solar roof mount, ground mount, top of pole mount, side of pole mount, tower mount or. The SunRack TPO flexible waterproof roof Solar panel mount is primarily designed for color steel tile roofs, addressing key issues such as waterproofing and aging. It adds an insulation layer and a long-life TPO/PVC material layer on top of the structural layer. With 1) Architecturally-Invisible Design: Engineered for a sleek, low-profile finish that blends with building materials, enhancing curb appeal without compromising on solar efficiency.
