

Port louis outdoor telecom cabinet with ultra-large capacity

Overview

The WOD-62DXC NEMA enclosure (63"H x 32"W x 30"D, 33 RU) is a heavy-duty, all-weather solution designed for telecom and mission critical applications. Built from AlumiFlex®, a lightweight yet durable material, it provides steel-like strength to support the heaviest equipment. Charles Universal Broadband Enclosures (CUBE) are constructed to withstand the elements and provide superior protection for active electronics in all environments. Designed to house a variety of communications equipment, CUBE customers take advantage of our engineering and factory integration for. When your network infrastructure demands reliable outdoor protection, American Products delivers weatherproof telecom enclosures engineered for performance and built to last. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.
