

# Sao Tome and Principe rooftop solar panel manufacturer

## Overview

---

Portuguese cleantech company Cleanwatts has signed an agreement with São Tomé and Príncipe in Africa for the production and sale of clean energy. The company will collaborate with the public utility Power and Water Company (EMAE) to install solar power plants across the country. Sao Tome and Principe's climate is defined by high temperatures, averaging 22-31°C, consistently high humidity often exceeding 80%, and a saline coastal environment. As the country transitions toward renewable energy, we aim to create transparent and competitive processes to attract qualified international investors, ensuring. The 2023 Energy Act allows grid injection. Specializing in tropical solar installations since 2015, we provide customized photovoltaic systems for homes, schools, and hotels. Our corrosion-resistant designs are built for island conditions. Contact us: "The best time to install solar panels?"

. Ciel & Terre has been developing large-scale solar power plants for commercial, government and non-profit institutions since 2006.
