

Seychelles Solar Container 20ft Product Warranty

- ✓ 100KWH/215KWH
- ✓ LIQUID/AIR COOLING
- ✓ IP54/IP55
- ✓ BATTERY 6000 CYCLES

Overview

The whole system is covered for 1 year, solar panels for 10-12 years, lithium batteries for 3 years, and inverters for 5 years. Do You Provide Installation Guidance Or O&M Training?

Yes. Please refer to our warranty manual for details. We provide detailed manuals, operation videos, and online. PV companies like to boast that the warranty of their PV products are covered by the manufacturer. Every module or inverter manufacturer will have different warranty conditions and warranty periods which must be clearly explained by your PV. What is a lithium battery energy storage system?

Energy Storage System A sophisticated lithium battery energy storage system with an expandable range of 100-500kWh can accommodate excess solar power for stable supply during night hours or cloudy conditions. Whether you require a reliable storage solution, a container office, or a creative project build, our extensive range ensures. The Ile de Romainville Solar Park - Battery Energy Storage System is a 5,000kW energy storage project located in English River, Seychelles. Covering an area of 40,000 sq m of water, the facility will consist of around 13,500 PV modules whose output will account for 2% scale solar farm projects.
