

Slovakia invests in solar glass enterprises

Overview

Energy Infrastructure Partners (EIP) and ContourGlobal have completed the sale of Slovakia's largest solar energy portfolio to Central and Eastern European renewable power producer Enery, the companies said on Monday. Enery Development has significantly increased its solar capacity in Slovakia by acquiring a landmark 34.6 MW portfolio from ContourGlobal and EIP. This move, the largest of its kind for operational PV assets in the country, strengthens Enery's position in the Slovak market and marks a key step in Bratislava / Vienna, OctoEnergy, a leading independent green power producer in Central and Eastern Europe, is pleased to announce the successful acquisition of Project Lassie, a portfolio of 32 operational photovoltaic (PV) power plants across Slovakia with a total capacity of 34. The high Herfindahl-Hirschman Index (HHI) suggests a concentrated Market Top 5 Importing Countries and Market Competition (HHI) Analysis, possibly. ZURICH, Octo—Energy Infrastructure Partners AG (EIP), a leading energy infrastructure investor focused on the megatrends of decarbonization, digitalization and security, and ContourGlobal, an international power producer with more than 5.5 gigawatts of installed capacity, currently.
