

# Solar power LED luminous sign

## Overview

---

Our Solar-powered Sign Lighting pre-engineered kits are a cost-effective way to illuminate signs that pay for themselves. Kits include industry-leading LED light performance, easy Plug & Play setup and installation, and a minimum of 3-day backup power in case of inclement. SEPCO's commercial solar lighting and power systems are the perfect solution for your sign projects. We also offer custom-designed solar power systems to operate LED modules for backlit cabinets. Check each product page for other buying options. (Set of 2) Need help?

. Our FL05 solar sign light kit includes a fixture fitted with 108 LEDs. Heavy duty, commercial-grade, it's supplied with a solar panel of your choice. When reliable energy matters, our high-performing off-grid systems deliver the same reliability, efficiency, and safety benchmarks as traditional on-grid power.
