# South Africa Smart Photovoltaic Energy Storage Containerized Fixed Type

## Overview

Our containerized Battery Energy Storage Solution (BESS) provides a fully customizable and scalable power solution to meet your specific energy needs. Whether you need grid balancing, mini-grid solutions, or peak shaving, our BESS containers are engineered for unmatched. 'Containerized' infrastructure solutions have the potential to power the needs of under-resourced communities at the Food/Water/Health nexus, particularly for off-grid, underserved, or remote populations. Our certified solar specialists provide comprehensive monitoring and technical support. What is energy storage container?

SCU uses standard battery modules, PCS modules, BMS, EMS, and other systems to form standard containers to build large-scale grid-side energy storage projects. We serve industrial, mining, construction, and telecom sectors across Africa with prefabricated, transportable energy. The SigenStor 1. Storage size for a containerised solution can range from 500 kWh up to 6.
