

South Sudan installs solar panels

Overview

South Sudan has taken a transformative step toward sustainable energy by launching its first solar power plant. Built by Egypt's Elsewedy Electric, the 20-megawatt power plant is located in Nesitu, Central Equatoria State, just 30 kilometers from the capital, Juba. The Ezra Group, a prominent business conglomerate, has successfully developed and financed a 20-megawatt (MW) solar power plant, complemented by a 14-megawatt-hour (MWh). The East African country has an electricity access rate of 8.4% (as of 2022). Image: The recently launched 20MW solar energy plant in South Sudan., a subsidiary of the Ezra Group, this project marks. SunGate offers a variety of high-quality solar solutions to serve household and. SunGate also enabled an innovative electric cooking pilot project powered by the. Every solar installation starts with a comprehensive energy needs assessment.
