

# Tax rates applicable to wind power services for solar container communication stations

## Overview

---

The US Treasury updated a table last week that is used to calculate the domestic content of solar, onshore wind and storage projects to determine whether they qualify for bonus tax credits. The updated table is in Notice 2025-08. Two tax credits, the investment tax credit (ITC) and the production tax credit (PTC), directly support investment in wind and solar electric power. In the Congressional Budget Office's baseline projections, those tax credits reduce federal revenues and increase federal spending. Requirements for Claiming the Credit. 01 Section 13103 of Public Law 117-169. Wind and solar facilities placed in service after Dec.
