

Thailand High-Performance Energy Storage Battery Company

Overview

TESC's core offerings include advanced lithium-ion battery systems and energy storage solutions designed to enhance efficiency and sustainability. Their unique approach combines cutting-edge technology with local expertise, positioning them as a trusted partner in the renewable. Amita Technology (Thailand) is one of the ESS companies listed in the Top 10 Energy Storage Manufacturers in Thailand. The company is a subsidiary of Energy Absolute (EA), which is well known in Thailand as a pioneer in renewable energy. Amita focuses on the development and production of THAI ENERGY STORAGE TECHNOLOGY PLC. Formerly "Thai Storage Battery Company Limited" was found in 1986 and became a public company limited in 1994. It has become one member of Hitachi Chemical Group in September 2017 and changed the company name to "Hitachi Chemical Storage Battery (Thailand) Public. As the global shift toward clean energy accelerates, Thailand is emerging as a key player in the lithium-ion battery market, driven by its strategic position in Southeast Asia's electric vehicle (EV) and renewable energy boom.
