

The warranty period of Meinergy photovoltaic panels

Overview

Our panels come with a standard 25 - year performance warranty and a 10 - year product warranty. We believe that this gives our customers the best of both worlds. They can be confident that their panels will perform well over the long term and that they're protected against any. While solar energy systems are built to withstand decades of outdoor use, the right warranty coverage assures extra peace of mind by protecting your investment against potential malfunctions, damage, or underperformance. Like many aspects of a photovoltaic (PV) system, understanding solar. A standard solar panel warranty should come with at least 10 years of protection, though many premium options now offer 25 or even 30+ years of coverage.
