

# Tokyo new energy storage enterprise

## Overview

---

Tokyo Century will invest in four wholly-owned extra high-voltage grid-scale battery storage projects totaling 101MW/386.3MWh, the company announced on Decem. The assets are expected to be commissioned gradually between FY2028 and FY2030. This project. ITOCHU Corporation (headquartered in Minato-ku, Tokyo; Keita Ishii, President and COO; hereinafter "ITOCHU") announced today that the Tokyo Metropolitan Energy Storage Plant Investment Limited Partnership (hereinafter "the Fund") came into full operation after investment of more than 8 billion yen. The nascent grid-scale energy storage market in Japan now has its first-ever dedicated investment fund, and it will be jointly managed by Gore Street Capital, which launched one of the UK's.
