Overview

The company's bifacial glass-glass modules combine reliable quality with innovative cell technology. Thanks to the double energy generation via the front and rear sides, they are ideal for flat roofs and ground-mounted systems with a reflective substrate. * 12 years enhanced product warranty on materials and workmanship * 30 years linear power output warranty According to the applicable Canadian Solar Limited Warranty Statement. Canadian Solar is one of the world's most established PV manufacturers - with over 70 GW of module output delivered. But what exactly sets them apart?

What are double glass solar. Double glass solar components use two layers of tempered glass instead of conventional polymer backsheets. This eliminates the cause of Potential Induced.

Use of Canadian double-glass solar modules

use, n. meanings, etymology and more , Oxford English Dictionary

to come (also fall, go, etc.) into use: to be introduced into customary or habitual employment or practice; to begin to be used; esp. (of vocabulary, syntax, etc.) to be introduced into common usage.
