

Vietnam solar modules

TAX FREE

Product Model

HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions

1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity

215KWH/115KWH

Battery Cooling Method

Air Cooled/Liquid Cooled

Overview

Vietnam is increasingly emerging as a regional center for the manufacturing of solar modules, with competitive labor rates, government subsidies, and market access being key drivers. This is contributing to the Vietnam solar module market growth. Vietnam is the cheapest country to produce fully domestic solar modules outside of China, according to a report from the International Renewable Energy Agency (IRENA). Producing tunnel oxide passivated (TOPCon) solar PV modules in Vietnam using domestically produced polysilicon, ingots, wafers and cells is. IRENA's latest report finds that energy use and material intensity across the solar PV manufacturing supply chain will decline through 2030. 191/Wp, slightly higher than in Vietnam, the IRENA report said. SolarBK: SolarBK is one of the leading solar panel manufacturers in Vietnam. Driven by surging energy demand, economic growth and the looming threats of climate change, Vietnam has recognised solar energy as a critical solution for securing its.
