

# Volunteer to wipe the photovoltaic panels

## Overview

---

Every GRID Alternatives project is a community project. Homeowners, volunteers, local organizations, businesses, municipalities and generous donors all pitch in to get the job done. Get involved today! Partnership is central to the mission of GRID Alternatives. Volunteering with SunWork is a great way to learn about solar, help the environment, and give back to your community. By sharing their time, enthusiasm, and passion for the environment, volunteers play a major role in. Signing up to volunteer with GRID is a four-step process. Visit the Opportunities Calendar to select an orientation near you. Sign up for an installation or. Using solar energy can have a positive, indirect effect on the environment when solar energy replaces or reduces the use of other energy sources that have larger effects on the environment. Do you agree to be contacted by Solar United Neighbors?

I agree to receive SMS messages from Solar United Neighbors. Part Time - Available to work fewer hours than full-time, typically on a set schedule.

## Volunteer to wipe the photovoltaic panels

---
