

Waterproof cover photovoltaic panel manufacturer

Overview

At New Way Glass, we specialize in providing high-quality clear photovoltaic glass to enhance the performance and durability of your solar panels. Cover glass for solar panels is a crucial component that serves as a protective barrier for the photovoltaic cells, which convert sunlight into electricity. The company is based in Ávila, Spain, and has offices in the United States and China. Our current yearly production capacity is 2 million sq. Our commitment to quality and sustainability ensures that. 182 Monofacial All Black 144 Cells 530-550W Half Cell Solar Panel 600W Max. Our product portfolio features tempered, ultra-clear solar glass solutions with anti-reflective coating that diminishes reflectivity and improves light. The middle pressing block and waterproof cover plate in this photovoltaic panel are specifically designed for waterproof photovoltaic brackets, serving as crucial components to ensure the stability and waterproofing of the solar panel.
