

# Which is more environmentally friendly a custom IP66 photovoltaic battery cabinet

## Overview

---

Akin to flow batteries, saltwater batteries are a newer technology with the potential for longer-lasting, more environmentally friendly home energy storage. KDM is your professional solar battery enclosure manufacturer in China. Protect your solar batteries with our tested, waterproof enclosures today! KDM solar battery cabinets provide you with the ultimate outdoor dust-tight. Our outdoor energy storage cabinet is an intelligent integrated management system that provides reliable and efficient energy storage for outdoor applications. With its scalable capabilities, RAJA's battery system can meet project requirements of varying scale and is suitable for various. IP stands for Ingress Protection and describes to which extent dust and humidity can reach the inside of an electrical device. This significantly reduces the demand for raw materials and the energy needed for production. Suitable for Outdoors- Our Slimline enclosures range from IP54 - IP66, ensuring that your outdoor installation will stay safe and out of the elements.
