

Who should I ask to install the photovoltaic panels

Overview

The best way to install solar is through a qualified professional who holds a certification to do so and works with high-quality solar panels. The industry-standard certification is awarded through the North American Board of Certified Energy Practitioners (NABCEP). Does your homeowner's association or planning/zoning department have laws against putting solar panels on the roof or in the yard?

What prevents a neighbor's building from shading my system?

How much will my home value increase?

- Ask local qualified appraisers. Will my real estate taxes go up?

- Be sure to know who will install the panels. It costs between \$17,000 and \$32,000 to power a home independently. Installation costs depend on how much electricity you use. Read the fine print before signing a contract. Get quotes from up to 3 pros! Enter a zip below and get matched to top-rated. What type of solar panels do you install?

One of the most common questions solar companies are asked is, "What type of panels do you install?"

" While there are differences in performance among solar panels, you probably don't need to stress over the options. In some instances it may be beneficial to. Local Presence and Experience Matter: Companies with 3-5+ years of local operating history, proper state licensing, NABCEP certifications, and a track record of installations in your area are more likely to understand regional permitting, utility requirements, and provide reliable long-term. The final price to install solar panels on a rooftop might differ by \$50,000 from one house to another. As you sketch out your dream system and think about your budget, our aim is to give you the knowledge to ask potential installers detailed. They'll do a survey of your home and any obstructions in the area around it, then give you an estimate that will show how many solar panels you need, how much they'll cost, and how soon they'll pay for themselves. At this point, you'll likely have a lot of questions, and you may not even know all.
