

# Why do communication base stations need lithium batteries

## Why do communication base stations need lithium batteries

---

### What Are the Key Considerations for Telecom Batteries in Base Stations?

Telecom batteries for base stations are backup power systems that ensure uninterrupted connectivity during grid outages. Typically using valve-regulated lead-acid (VRLA) or lithium-ion (Li-ion) batteries, ...

## What is the purpose of batteries at telecom base stations?

Brief overview of telecom batteries  
Telecom batteries refer to batteries that are used as a backup power source for wireless communications base stations.

In the event that an external power source cannot ...
