

# Wide-temperature-range data center cabinets for production lines

## Overview

---

AMCO Enclosures offers essential data center enclosures and products for a fully optimized environment. Optimize space, power, cooling, and more with the ZetaFrame® Cabinet System — a fully integrated solution designed for high-density deployments, AI, and HPC. Oberon® wireless mounts and enclosures secure, protect, and optimize wireless. Introducing Rakworx's versatile Data Center Server Cabinet Portfolio, ranging from 24U to 52U in height and 600mm to 750mm in width, with depths from 1070mm to 1200mm. Higher temperatures can impact equipment reliability. These deployable, seismic and UL-rated cabinets are fully welded, pre-assembled, and come standard with features such as recessed PDU Cavities, and are configurable with or without doors. Eaton's industry-leading thermal management solutions, coupled with its broad range of server and network racks, enclosures and cable management, help customers meet evolving technology requirements and optimize data center airflow.
