

Yu Yong Battery Energy Storage System

Overview

Enhance your commercial and industrial operations with our 50kW PCS paired with a 100kWh Lithium Battery Energy Storage System. Our system offers peak power capabilities to meet demanding energy needs, along with advanced Battery Management System (BMS) for improved performance and. The liquid-cooled energy storage box features efficient heat dissipation, energy conservation and environmental. Modularity and flexibility The. Enhanced Energy Density and. Welcome to our house, it makes your life better. Our Own factory, strict control of production processes, ensuring every battery is crafted with precision. was established in Dongguan in 2020, We are focused on lithium battery Pack products and system integration research and development and manufacturing, And we are a national high-tech enterprise providing customized energy storage solutions for global. Venue: Birmingham NEC, UK Date: September 23-25, 2025 Booth: Hall 19 C71 Guangdong Yuyang New Energy is proud to announce our participation in Solar & Storage Live 2025, the UK's leading renewable energy exhibition. It's cost effective, super easy to install. Established in 2010, Yuyang has emerged as a trailblazer in the new energy lithium battery manufacturing domain.

Yu Yong Battery Energy Storage System

About Us-Guangdong Yuyang New Energy Co., LTD

We have three bases in Dongguan, including industrial and commercial energy storage and a household energy storage production base of more than 10,000 m², a planned annual output value of more than ...
